Dear Mr. Randle,

We appreciate your continued dedication to ISO 17025 and the laboratory community. Laboratory Accreditation Bureau is granting an extension of your accreditation that was originally granted through **May 18, 2013**. This letter serves as an extension of your ISO 17025 Accreditation. The new granted through date is now **July 18, 2013**. The Certificate and the Scope of Accreditation of your location **L2254** will remain valid until the new granted through date or new certificate and scope are issued. If within this extension period your company decides to discontinue or cancel your accreditation, your accreditation will immediately be terminated and your listing discontinued as an accredited laboratory.

The current information as described above will be modified within two business days on the directory at [www.l-a-b.com](http://www.l-a-b.com). It is L-A-B's policy not to modify the scope or certificate related to extensions of accreditation.

We look forward to a long and continued successful business relationship with your company. We appreciate your dedication to continuous improvement for our laboratory community.

Sincerely,

R. Douglas Leonard, Jr.  
Managing Director
